

Bishop Adventist Christian School

Photo Release

Dear Parent or Guardian,

The education at the Bishop Adventist Christian School is one of which students, parents and members of the community can be proud. There are times when photographs or videos are taken of the students throughout the year for school brochures, church publications, and the school website. In addition, there are times when the local newspaper features our school in an article or advertisement about upcoming events.

Please sign below to grant your permission to feature your child in such photographs or videos. We appreciate your help in presenting students and programs to the community to help others understand and support Christian education, as well as to affirm students for their achievements.

If you sign below that you **DO NOT** wish your child(ren) to be featured in such photographs or videos, we may remove your child from the activity at the time students are being photographed or filmed, or we will not publish or permit to be published any photo or video featuring or identifying your child(ren).

Note: Every student may be visible at some time as a minor and unidentified part of a photo of a large group of students.

Granting Permission

I/we have read and understand the above information. I/we hereby give permission for Bishop Adventist Christian School to photograph or video activities or class that include _____ (student name) and to use these photographs or videos for educational programs and school publications, or to release them to the news media for use in their educational news coverage.
